Summary

Frontend Developer with a strong foundation in React, JavaScript, and Tailwind CSS. Built 3+ live web apps with complex UI interactions. Eager to contribute to a dynamic team where I can build scalable, user-friendly applications.

Technical Skills

Languages: HTML/CSS, JavaScript, Typescript

Frameworks: ReactJS, Tailwind CSS, NextJS

Libraries: Jquery, Zustand, Redux Toolkit, GSAP, RechartJS, ShadCN

Database: MySQL, PostgreSQL

Version Control & Deployment: Git, GitHub, Vercel, Netlify

Software & Environments: Visual Studio Code, MySQL Workbench

Concepts: OOPS, Responsive Design, State Management, PWA, Accessibility, Performance

Projects

Fintrack – [[Live](#)] | [[GitHub](#)]

- Developed a fully responsive expense tracker web app with React and Tailwind CSS, enabling users to manage daily expenses with real-time updates.
- Implemented advanced filtering, custom date range search, and sorting for enhanced usability and control.
- Boosted user efficiency by integrating editable and deletable entries with smooth UI interactions.
- Built a dashboard with RechartJS to visualize monthly/yearly spending patterns through dynamic pie charts.

Portfolio – [[Live](#)] | [[GitHub](#)]

- Designed and built a personal portfolio with React and Tailwind CSS to showcase projects and technical skills.
- Integrated GSAP animations for engaging scroll-triggered transitions and polished UI effects.
- Structured modular components for key sections (Hero, Projects, About, Contact), with mobile-first design and accessibility in mind.

Numbshoot – [[Live](#)] | [[GitHub](#)]

- Built a 4-player number-shooting game in vanilla JS and jQuery, designed for competitive play on large screens.
- Designed two distinct game modes ("One Shoot" & "Greedy") with unique risk/reward mechanics to boost engagement.
- Engineered core gameplay logic: player turns, random/danger number generation, scoring, and win conditions.
- Integrated UI reset and restart features for seamless replayability and better game flow.

Education

Alamuri Ratnamala Institute of Engineering and Technology
B.E in Computer Science and Engineering

2020 –2024
CGPA: 7.5/10
